

HDBaseT HDMI Extender

PLX-HDB.1

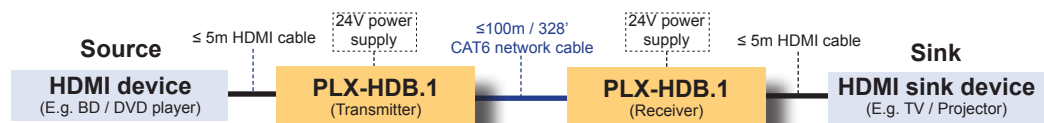

Transmit HDMI over CAT6 networking cable

Main Features:

- 4K video support to 40m / 131'2"
- 1080p video support to 100m / 328'

Description:

The PLX-HDB.1 is ideal for passing HDMI signals over distances greater than is possible with native HDMI cables. HDBaseT™ technology is used to pass HDMI data over standard networking cable.

Installation notes:

- CAT 5e cable is supported but will reduce operational range
- TIA/EIA-568-B termination recommended
- Direct connection required - cannot be integrated in an Ethernet network
- TX and RX units each require AC power (power supplies are included)
- Use short length HDMI cables (Kordz PRO and PRS 0.5m - 1.0m recommended)

Warranty:

One year
